

MFIT MASTERNODE INSTALLATION GUIDE

1

A DESKTOP OR LAPTOP

Any Windows or Mac will do.

2

1000 MFIT COINS

Before installing, ensure that you have access to 1,000 MFIT coins as masternode collateral.

3

A UBUNTU 16.04 VPS SERVER

Rent a cheap server (\$5 or less per month) from Vultr.com or Digitalocean.com

4

PUTTY APPLICATION

Download and install PuTTY for Windows or Mac, depending on the PC that you're using.

GOOD LUCK!
